

Certificate of Analysis

Product: US Origin Mouse Swiss Webster Plasma
Catalog No: SAMPLE
Lot No: SAMPLE
Size: N/A
Quantity: N/A
Storage: -20°C to -80° C
Expiration: Animal plasma has varying expiration dates with regards to how it is collected. The datasheet received with your particular shipment will have detailed information.

Description: US Origin Mouse Swiss Webster Plasma is recovered from whole blood donations from normal healthy mice. The mice used for this material are of only US origin only, ensuring that the highest quality material is used for the production of the plasma.

US Origin Mouse Swiss Webster Plasma is used as a component of bioassays, immunoassays, or enzyme assays, and provides a broad spectrum of macro molecules, carrier proteins for lipoid substances and trace elements, attachment and spreading factors, low molecular weight nutrients, and hormones and growth factors that promote cell growth and health.

US Origin Mouse Swiss Webster Plasma is available as a sterile preparation for use as a cell culture supplement.
